

**STATE OF NEW MEXICO
BEFORE THE SECRETARY OF ENVIRONMENT**

NEW MEXICO ENVIRONMENT DEPARTMENT

Complainant,

v.

No. DTT-20001-2301 ACO

DTT WELDING AND EXCAVATING, INC.

Respondent.

ADMINISTRATIVE COMPLIANCE ORDER

Pursuant to NMSA 1978, Section 74-2-12(A)(1) of the New Mexico Air Quality Control Act (“Act”), NMSA 1978, §§ 74-2-1 through -17 (as amended through 2021), the Environmental Protection Division (“Division”) of the New Mexico Environment Department (“Department” or “NMED”) issues this Compliance Order (“Order”) to DTT Welding and Excavating, Inc. (“DTT”), to require compliance and assess a civil penalty for violations of the Act and the Air Quality Regulations at Title 20, Part 2 (“Regulations”) of the New Mexico Administrative Code (“NMAC”) at the Los Alamos Dump Crushing Plant (“Facility”). Pursuant to the Department’s Delegation Order, dated March 24, 2023, the Cabinet Secretary (“Secretary”) has delegated to the Division Director the authority to seek administrative enforcement for alleged violations of the Act, the Regulations, and the air quality permits issued thereunder.

As set forth in the detailed allegations below, DTT failed to pay 2022 New Source Review (“NSR”) Construction Permit fees that were due and payable by February 28, 2023. This Order addresses the seriousness of this violation and the necessary corrective actions required to address it.

FINDINGS OF FACT

1. DTT is a New Mexico domestic profit corporation, and the owner and operator of the Facility located approximately 0.34 miles north northeast of White Rock, New Mexico in Los Alamos County.

2. The Division issued NSR Permit #GCP-2-3009 ("Permit") on March 4, 2004, to Respondent pursuant to 20.2.72.220 NMAC. **[NMED Exhibit 1]**

3. On February 7, 2017, the Division issued the most recent permit revision by approving a relocation as GCP-2-3009R1 RE02. **[NMED Exhibit 2]**

4. The annual fee for this Facility is \$2,344.00 for the year 2022. The amount has been adjusted each year according to the Consumer Price Index, pursuant to 20.2.75.11.F NMAC. **[NMED Exhibit 3]**

5. On January 6, 2023, the Division issued DTT the invoice dated January 4, 2023, for the annual permit fees for the Facility, including a cover letter. The invoice due date was February 28, 2023. The email explained how to make payment and possible consequences for nonpayment of fees. **[NMED Exhibit 4]**

6. On February 20, 2023, the Division emailed DTT a reminder of the February 28, 2023, due date for 2022 NSR annual fees. The email included possible consequences for failure to pay the fees. **[NMED Exhibit 5]** The Air Quality Bureau ("AQB"), an organizational unit of the Division, received confirmation that the email was delivered to DTT on February 20, 2023, at 4:36 pm. **[NMED Exhibit 6]**

7. On February 27, 2023, the Division received a Permitting Administrative Multi-form with a notification that the Facility ceased operating June 15, 2022, and a request to close the construction permit. **[NMED Exhibit 7]**

8. On March 1, 2023, the Division sent to DTT another email, stating that the fees were due on February 28, 2023, and that the failure to pay the 2022 annual fees by March 31, 2023, would result in a referral to AQB Compliance and Enforcement. The email reiterated that nonpayment could result in a penalty. **[NMED Exhibit 8]** The AQB received confirmation that the email was delivered to and read by DTT on March 1, 2023, at 1:48 pm. **[NMED Exhibits 9, 10]**

9. On March 1, 2023, DTT sent the Division an email stating that the Permitting Administrative Multi-form had been submitted. The Division responded that the 2022 NSR fees invoice was still due as the permit was active as of December 31, 2022. **[NMED Exhibit 11]** The AQB received notification that email was delivered to DTT at 2:44 pm. **[NMED Exhibit 12]**

10. On March 6, 2023, the AQB received confirmation that the March 1, 2023, email was read by DTT at 2:29 pm. **[NMED Exhibit 13]**

11. On March 8, 2023, DTT sent an email to the Division, asking if a discount on the 2022 fees would be possible pursuant to 20.2.71.111.B(2) NMAC. **[NMED Exhibit 14]** The Division responded by email that 20.2.71 NMAC was only for operating permits, not for NSR permits. **[NMED Exhibit 15]**

12. On March 16, 2023, the Division sent the invoice for 2022 NSR fees by certified mail to DTT. The U.S. Postal Service returned the certified mail receipt showing that the invoice was received on March 31, 2023, by Alice M. Gallagher of DTT. **[NMED Exhibit 16]**

13. On May 12, 2023, the Division sent by email and certified mail an enforcement letter explaining to DTT that if payment was not received by June 15, 2023, an enforcement action would be initiated, including assessing a penalty for violating 20.2.75 NMAC. The U.S. Postal Service returned the certified mail receipt showing that the letter was received May 18, 2023, by

David Tainter of DTT. [NMED Exhibits 17 and 18]

14. As of December 1, 2023, the 2022 NSR Permit fees had not been received by the Division.

CONCLUSIONS OF LAW

15. The Department has jurisdiction over this matter. NMSA 1978, §§ 9-7A-6(B)(5); 74-2-5.1.

16. The Department may issue a compliance order requiring compliance with a requirement of the Act or regulations promulgated pursuant to the Act. NMSA 1978, § 74-2-12(A).

17. Section 74-2-12(A) of the Act authorizes the Department to issue a compliance order assessing a civil penalty for a violation of a regulation or permit.

18. Section 74-2-12(B) of the Act authorizes the Department to assess a civil penalty of up to fifteen thousand dollars (\$15,000.00) per day of noncompliance for each violation of a regulation or permit. The Secretary of the Department has delegated this authority to the Director of the Division.

19. NSR annual fees are payable in full within thirty (30) days of receipt of an invoice for each permitted facility. 20.2.75.12.F NMAC.

20. At the time of the invoice, DTT's NSR permit for the Facility had not been canceled.

21. DTT is in violation of 20.2.75.12.F NMAC for failure to pay the required annual permit fees.

COMPLIANCE ORDER

22. DTT is hereby ordered to remit the unpaid permit fees for 2022 in the amount of

\$2,344.00 within fifteen (15) days of receipt of this Order. Payment shall be remitted in the form of a corporate, personal, or certified check or money order made payable to the New Mexico Environment Department and submitted to the address below.

New Mexico Environment Department
Air Quality Bureau
c/o Operations Manager
525 Camino de los Marquez, Suite 1
Santa Fe, NM 87505

CIVIL PENALTY

23. DTT shall pay a civil penalty of \$3,000.00 to the State of New Mexico within thirty (30) calendar days after the effective date of this Order. The civil penalty calculation is included as **NMED Exhibit 19**.

24. Payment shall be made to the "State of New Mexico General Fund" by certified or corporate check, or by wire transfer (ACH deposit). On the date that delivery of funds is initiated, DTT shall notify the Air Quality Bureau Enforcement Manager by email at:

ENV-AQB.Settlement.Notifications@state.nm.us

Certified or corporate checks must be sent to the following address:

New Mexico Environment Department
Air Quality Bureau
c/o Compliance and Enforcement Manager
525 Camino de los Marquez, Suite 1
Santa Fe, New Mexico 87505

Wire transfers must be made to Wells Fargo Bank as follows:

Wells Fargo Bank, N.A.
100 W Washington Street, Floor 20
Phoenix, AZ 85003
Routing Transit Number: 121000248
Deposit Account Number: 4123107799

Descriptor: NMED-AQB-C&E

25. If DTT fails to make timely and complete payment of the civil penalty pursuant to paragraph 23, and unless the Division agrees to extend the time for payment of the civil penalty, DTT shall pay a stipulated penalty of \$500.00 per day for each day the payment is not timely or complete.

26. If DTT fails to pay the 2022 NSR annual fees pursuant to paragraph 22, and unless the Division agrees to extend the time for payment of the fees, DTT shall pay a stipulated penalty of \$500.00 per day for each day the payment is not timely or complete.

27. Stipulated penalties shall be paid to the State of New Mexico General Fund pursuant to the instructions in paragraph 24.

ADMINISTRATIVE COMPLIANCE COSTS

28. The Department will invoice DTT in the amount of \$1,650.00 for administrative compliance costs incurred to date that are associated with this matter. To the extent that DTT does not resolve this matter within thirty (30) days, including the payment of the civil penalty of \$3,000.00, DTT will continue to accrue additional administrative compliance costs of up to \$800.00 per day.

NOTICE OF OPPORTUNITY TO ANSWER AND REQUEST A HEARING

29. Pursuant to the Air Quality Control Act, Section 74-2-12(C) and the Department's adjudicatory procedures at 20.1.5.200 NMAC, DTT may request a hearing by filing a written request for a public hearing with the hearing clerk no later than thirty (30) days after receipt of this Order. The request for hearing shall include an Answer:

a. Admitting or denying each alleged finding of fact. Any alleged finding of fact which is not specifically denied shall be deemed to be admitted. DTT may assert insufficient

knowledge of any alleged finding of fact, and such finding shall be deemed to be denied;

b. Asserting any affirmative defense upon which DTT intends to rely. Any affirmative defense not asserted in the Answer, except an affirmative defense asserting lack of subject matter jurisdiction, shall be deemed to be waived;

c. Signed under oath or affirmation that the information contained therein is true and correct to the best of the signatory's knowledge; and

d. Attaching a copy of this Order.

30. This Order shall become final after thirty (30) days of receipt of the Order unless DTT files a Request for Hearing and Answer as set forth above. Any request for Hearing and Answer must be filed at the following address:

Madai Coral
Paralegal/Hearing Clerk
Office of Public Facilitation
New Mexico Environment Department
1190 St. Francis Drive, Santa Fe, New Mexico 87505
Madai.corral@env.nm.gov
Phone: 505-490-5803

31. The public hearing shall be governed by the Department's Adjudicatory Procedures. *See* 20.1.5 NMAC.

SETTLEMENT CONFERENCE

32. DTT may confer with the Division regarding settlement at any time, but a settlement conference or request for a settlement conference shall not extend or waive the deadline for filing a Request for Hearing or Answer. DTT may appear at a settlement conference pro se or through legal counsel. The Secretary or designee shall execute any settlement as a Stipulated Final Order. A Stipulated Final Order shall resolve all issues raised in this Order, shall bind all parties to this Order, and shall not be appealable. To confer regarding settlement, contact:

Christopher Vigil
Office of General Counsel
New Mexico Environment Department
121 Tijeras Avenue NE, Suite 1000
Albuquerque, New Mexico 87102-3400
Telephone: (505) 469-4696
Email: ChristopherJ.Vigil@env.nm.gov

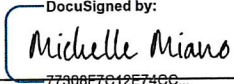

COMPLIANCE WITH OTHER LAWS

33. Compliance with the requirements of this Order does not remove the obligation to comply with all other applicable laws and regulations.

TERMINATION

34. This Order shall terminate upon the Secretary or designee's approval of a Stipulated Final Order.

General Permit GCP-2-3009
IDEA No. 20001 - PRN20040001
Los Alamos Dump Crushing Plant
AIRS No. 357771052

Dear Mr. Brosious:

This letter is in response to your air quality permit application dated January 19, 2004 to construct a crushing facility in New Mexico. The application was received by the Department on February 3, 2004. The fee was received by the Department on February 3, 2004 and the invoice for this permit was paid in full in accordance with invoice number 4751.

A review has been completed and the information provided is sufficient to issue your permit in accordance with the General Permit Category: Quarrying, Crushing, and Screening Facilities, under 20 NMAC 2.72 Construction Permits, Section 220.

Attached is a copy of your permit registration and general permit. The general permit includes the terms and conditions for operation as well as emission and compliance requirements.

Pursuant to 20.2.75.11 NMAC, the Department will assess an annual fee for this facility. This regulation set the fee amount at \$1,500 through 2004 and requires it to be adjusted annually for the Consumer Price Index on January 1. The current fee amount is available by contacting the Department or can be found on the Department's website. The AQB will invoice the permittee for the annual fee amount at the beginning of each calendar year. This fee does not apply to sources which are assessed an annual fee in accordance with 20.2.71 NMAC.

TEMPO No. 20001 - PRN20170001
AIRS No. 35-777-1052
Aggregate Handling Facility

Re: Response to Relocation Application for DTT Welding and Excavating - Los Alamos
Dump Crushing Plant GCP2-3009R1 RE02

Dear Mr. Tainter:

This letter is in response to your relocation application dated January 23, 2017 to relocate the portable Aggregate Handling Facility, which will be approximately 0.34 miles north northeast of White Rock, New Mexico in Los Alamos County. As described in the application, the exact location will be latitude/longitude 35.8281°N, 106.2216°W (35°, 49', 41.1" N; 106°, 13', 17.7" W). The legal description is: New Mexico, New Mexico Meridian T19N, R7E, sec32. The UTM coordinates are zone 13 (X,Y) 389661, 3965569. The application was received by the Department on January 24, 2017.

The application review has been completed and the **Relocation has been Approved with Conditions**. The Department authorizes this facility to be located at the above referenced location.

Operation of this facility must comply with Air Quality General Construction Permit number GCP-2, Rev. 3, issued September 12, 2006, the Air Quality Control Act, and any applicable regulations and standards pursuant to NMSA 1978, Section 74-2-7-H. Per 20.2.72.202.D.3.d NMAC, the following conditions apply at this approved location, and cannot be carried forward to any future sites.

DTT Welding and Excavating - Los Alamos Dump Crushing Plant GCP2-3009
Air Quality Permit No. GCP2-3009R1-RE02
February 7, 2017

Page 2 of 3

These conditions apply in addition to or instead of conditions in the existing permit.

1. **Condition 1:** The earliest date that installation of equipment can begin at the approved location is February 8, 2017, which is **15 days after receipt of the application**.
2. **Condition 2:** Public access must be restricted within 10 meters (33 feet) of the perimeter of the area of operations.
3. **Condition 3:** This facility is restricted to operate daylight hours only, 7 days per week, 52 weeks per year, for a maximum of 4380 hours per year.
4. **Condition 4:** Haul roads and truck traffic areas shall be watered to control particulate emissions to the nearest public access.
5. **Condition 5:** Dust controls must be used on all equipment, traffic areas, haul roads, sites of overburden removal, active pit areas and stockpiles.
6. **Condition 6:** Only permitted equipment or approved substitutes may be used.
7. **Condition 7:** The following requirements will apply to any subsequent repositioning of emissions activities within the approved location.
 - a. The facility will continue to comply with all terms and conditions of its existing General Construction Permit.
 - b. The facility will maintain at least a 3-mile setback between the area of operations and the boundary of any federal Class I area.
 - c. Any repositioning will maintain at least a 0.25 mile (1,320 feet, 440 yards, 402 meters) setback between the area of operations and any occupied structures.
8. **Condition 8:** The plant shall not be repositioned within the approved restricted area if any of the conditions of this approval to relocate to this site would be violated.

TITLE 20 ENVIRONMENTAL PROTECTION
CHAPTER 2 AIR QUALITY (STATEWIDE)
PART 75 CONSTRUCTION PERMIT FEES

20.2.75.1 ISSUING AGENCY: Environmental Improvement Board.
 [20.2.75.1 NMAC - Rp 20 NMAC 2.75.100, 03/02/01]

20.2.75.2 SCOPE:

A. All persons who apply for a permit to construct or modify a source or revise a permit, or who request a technical review of an existing permit under 20.2.72 NMAC. Part 70 (20.2.70 NMAC) operating permit emission fees are covered under 20.2.71 NMAC.

B. The requirements concerning the payment of an annual fee shall apply to sources with an air quality construction permit for which the application to either revise, modify or for a new permit was received following the effective date of this regulation.

[20.2.75.2 NMAC - Rp 20 NMAC 2.75.101, 03/02/01]

20.2.75.3 STATUTORY AUTHORITY: Environmental Improvement Act, Paragraph 4 of Subsection A of Section 74-1-8 NMSA 1978, and Air Quality Control Act, Chapter 74, Article 2 NMSA 1978, including specifically, Paragraph 6 of Subsection B of Section 74-2-7 NMSA 1978.

[20.2.75.3 NMAC - Rp 20 NMAC 2.75.102, 03/02/01]

20.2.75.4 DURATION: Permanent.

[20.2.75.4 NMAC - Rp 20 NMAC 2.75.103, 03/02/01]

20.2.75.5 EFFECTIVE DATE: March 2, 2001 except where a later date is cited at the end of a section.

A. For applications received prior to the effective date of this regulation, the provisions in 20.2.75 NMAC, as effective as of the date of the receipt of the application, remain effective, and fees shall be so determined.

B. For applications received following the effective date of this regulation, fees shall be based on the current regulation.

[20.2.75.5 NMAC - Rp 20 NMAC 2.75.104, 03/02/01; A, 12/01/03]

[The latest effective date of any section in this Part is 12/01/03.]

20.2.75.6 OBJECTIVE: The objective of this Part is to establish a schedule of fees for the construction permit program, including construction permits, permit revisions, and technical reviews of existing permits.

[20.2.75.6 NMAC - Rp 20 NMAC 2.75.105, 03/02/01]

20.2.75.7 DEFINITIONS: In addition to the terms defined in 20.2.2 NMAC (definitions) or 20.2.72 NMAC (construction permits), as used in this Part:

A. "air toxics review" means the required review of a permit application for the potential emission of an air toxic regulated by 20.2.72.400 NMAC - 20.2.72.499 NMAC. As used in this Part, a level I air toxics review consists of modeling to determine whether one one-hundredth (1/100) of the occupational exposure limit, as defined in 20.2.72.401 NMAC, is met; a level II air toxics review consists of either a health assessment or best available control technology (BACT) determination, whichever is required by 20.2.72.400 NMAC - 20.2.72.499 NMAC.

B. "applicable regulations", for the purpose of assessing permit fee points, mean those regulations that are applicable to the source and not the review to determine whether the regulation is applicable. Applicable regulations do not include 20.2.1 NMAC (general provisions), 20.2.2 NMAC (definitions), 20.2.3 NMAC (ambient air quality standards), 20.2.5 NMAC (source surveillance), 20.2.7 NMAC (excess emissions during malfunctions, startup, shutdown, or scheduled maintenance), 20.2.8 NMAC (emissions leaving New Mexico), 20.2.60 NMAC (open burning), 20.2.70 NMAC (operating permits), 20.2.71 NMAC (operating permit emission fees), 20.2.72 NMAC (construction permits), 20.2.73 NMAC (notice of intent and emission inventory requirements), 20.2.74 NMAC (prevention of significant deterioration (PSD)), 20.2.75 NMAC (construction permit fees), 20.2.77 NMAC (new source performance standards), 20.2.78 NMAC (emission standards for hazardous air pollutants), 20.2.79 NMAC (permits - nonattainment areas), 20.2.80 NMAC (stack heights), and 20.2.82 NMAC (maximum achievable control technology standards for source categories of hazardous air pollutants). All other Title 20, Chapter 2 NMAC Parts and all new source performance standards (excluding Subpart A) and national emission standards for

hazardous air pollutants/maximum achievable control technology (NESHAP/MACT) (excluding 40 CFR Part 61 Subparts A and M and 40 CFR Part 63 Subpart A) regulations that are applicable to the source shall be counted and shall result in additional points for permit fees purposes, in accordance with the permit fee schedule in this Part.

C. "fee unit" means any equipment or process which generates, creates, or is the source of a regulated air contaminant, which is listed or identified in a construction permit application or application to revise a permit and which requires review and evaluation against state and federal regulations and standards. This definition does not include sources which are exempt under 20.2.72.202 NMAC or sources for which no applicable requirements are identified in the permit. In the case of a permit modification, revision or technical review of an existing permit, the requirements of Subsection A of 20.2.75.11 NMAC apply only to the equipment or process involved in such modification, revision or review.

D. "fugitive emissions fee unit" means sources of fugitive emissions for which applicable requirements are identified in the permit. A maximum of one fugitive emissions fee unit shall be applied to any given application.

E. "revision" means any change requested by an applicant to any term or condition of a permit including but not limited to emission limitations, control technology, operating conditions and monitoring requirements. For the purposes of this regulation, revision does not include administrative revision as used in 20.2.72 NMAC.

F. "small business" means, for the purposes of this Part, a company that employs no more than ten (10) employees at any time during the calendar year. Employees include part-time, temporary, or limited service workers. For new sources, the responsible company official shall certify that the source does not expect to employ any more than ten (10) employees in the first year of operations. In addition, "small business" does not include (1) any source which may emit more than fifty (50) tons per year of any regulated air contaminant for which there is a national or New Mexico ambient air quality standard, or seventy-five (75) tons per year of all regulated air contaminants for which there are national or New Mexico ambient air quality standards; and (2) any major source for hazardous air pollutants under 20.2.70 NMAC.

G. "technical review of an existing permit" means the department's technical review of new information submitted by a permittee as required by an existing permit condition and in conjunction with proposed changes at the source that do not involve any changes to the existing permit. The review must be necessary to demonstrate that all applicable state and federal regulations and standards will continue to be met and that the existing permit will continue to be valid. This does not include required periodic reports.
[20.2.75.7 NMAC - Rp 20 NMAC 2.75.107, 03-02-01; A, 12/01/03]

20.2.75.8 AMENDMENT AND SUPERSESSON OF PRIOR REGULATIONS: This Part amends and supersedes Air Quality Control Regulation 700 - Filing and Permit Fees, filed November 20, 1989, as amended (AQCR 700).

A. All references to AQCR 700 in any other rule shall be construed as a reference to this Part.

B. The amendment and supersession of AQCR 700 shall not affect any administrative or judicial enforcement action pending on the effective date of such amendment nor the validity of any permit issued pursuant to AQCR 700.

[20.2.75.8 NMAC - Rp 20 NMAC 2.75.106, 03/02/01]

20.2.75.9 DOCUMENTS: Documents cited in this Part may be viewed at the New Mexico Environment Department, Air Quality Bureau, Santa Fe, NM.

[20.2.75.9 NMAC - Rp 20 NMAC 2.75.108, 03/02/01]

20.2.75.10 FILING FEE:

A. A filing fee of five hundred dollars (\$500) shall be submitted with each filing of a notice of intent, application for a permit to construct or modify a source, or revision of a permit. The filing fee shall be applied to the total permit fee determined from the fee schedule in 20.2.75.11 NMAC.

B. For applications submitted under 20.2.72.221 NMAC, accelerated review, an accelerated review filing fee of one thousand dollars (\$1,000) shall be submitted in lieu of any other filing fees under this section. One-half of the accelerated review filing fee shall be applied to the cost of the accelerated review submitted by the qualified outside firm. In the event that:

(1) There are no qualified outside firms on contract with the department, or if all of the qualified outside firms have a conflict of interest, the entire filing fee shall be applied to the total permit fee determined from the fee schedule in 20.2.75.11 NMAC;

- (2) No qualified outside firm submits a proposal for the accelerated permit review, one-half of this filing fee shall be applied to the total permit fee determined from the fee schedule in 20.2.75.11 NMAC;
- (3) One or more qualified outside firms submit a proposal but all such proposals are rejected by the applicant, the accelerated review filing fee shall be forfeited and retained by the department; or
- (4) The applicant withdraws the application for any reason, the accelerated review filing fee shall be forfeited and retained by the department.
- [20.2.75.10 NMAC - Rp 20 NMAC 2.75.109, 03/02/01; A, 12/01/03]

20.2.75.11 PERMIT FEE:

- A.** The permit fee shall be based on the following point-based fee schedule.

ACTION	# OF POINTS
1. CONSTRUCTION PERMIT/TECHNICAL REVIEW OF EXISTING PERMIT	
Technical Complexity	
1-5 Fee Units	5
6-15 Fee Units	1 point per fee unit
>15 Fee Units	15
Fugitive Emissions Fee Unit	5
Portable Source Relocation (Paragraph 3 of Subsection D of 20.2.72.202 NMAC)	1
Non-Attainment Area (20.2.79 NMAC)	75
Modeling Review	15
Air Toxics Review (20.2.72.400 NMAC - 20.2.72.499 NMAC)	
Level I	8
Level II	
Best Available Control Technology (BACT) Analysis	60
Health Assessment	100
Applicable Regulations	
20.2.X NMAC (per each)	3
NSPS (per each)	5
NESHAP/MACT (per each)	5
Case-by-Case MACT (20.2.83 NMAC)	100
PSD netting only (no additional PSD analysis is required)	20
PSD review (including netting) (20.2.74 NMAC)	75
2. OTHER PERMITTING ACTIONS	
General Permits (20.2.72.220 NMAC)	10
Streamline (each site) (20.2.72.300 NMAC- 20.2.72.399 NMAC)	10

B. The fee shall be the sum of all of the points that are applicable to the permitting action, multiplied by three hundred fifteen dollars (\$315).

C. For sources that satisfy the definition of "small business" as defined in Subsection F of 20.2.75.7 NMAC, the permit fee determined by Subsections B and E of 20.2.75.11 NMAC shall be divided by two.

D. For applications processed under 20.2.72.221 NMAC, Accelerated Review, the permit fee determined by Subsection B of 20.2.75.11 NMAC shall be divided by two, and shall be in addition to the cost of the accelerated review bid, as described in 20.2.72.221 NMAC.

E. Sources that have been issued a construction permit under 20.2.72 NMAC shall be assessed an annual fee of one thousand five hundred dollars (\$1,500). This fee shall not apply to sources which are assessed an annual fee in accordance with 20.2.71 NMAC.

F. Beginning in 2005, the cost per point in Subsection B of this section and the annual fee in Subsection E of this section shall be adjusted each year on January 1 to reflect the increase, if any, by which the consumer price index for the most recent year exceeds the consumer price index for the year 2004. The amount of the change in the fee shall be determined by multiplying the existing fee by the change in the consumer price index and rounding the result to the nearest dollar. The consumer price index for any year is the average of the consumer price index for all-urban consumers published by the United States department of labor, as of the close of the twelve-month period ending on August 31 of that year.

[20.2.75.11 NMAC - Rp 20 NMAC 2.75.110, 03/02/01; A, 12/01/03]

20.2.75.12 PAYMENT OF FEES:

A. The Department shall refuse to accept any permit application without payment of the filing fee at the time the application is received by the Department. The filing fee and the accelerated review filing fee are non-refundable.

B. An invoice for permit fees shall be mailed to the applicant at the time the Department finds the application administratively complete pursuant to 20.2.72.203 NMAC. The Department shall deny any permit application or request for permit revision if the required permit fee has not been paid within thirty (30) days of invoicing, unless the Department has granted an extension. If, upon completion of the permit review, the Department determines additional fees are due, the Department shall mail an invoice to the applicant along with the signed permit. The permittee shall pay this invoice within thirty (30) days of invoicing, unless the Department has granted an extension. In the event excess fees were paid, the Department shall issue a refund for excess fees and mail the refund to the applicant.

C. An invoice for a request for technical review of an existing permit shall accompany the Department's response. The applicant or permittee shall pay for the review within thirty (30) days of invoicing.

D. Except for the refund of excess fees paid, all fees paid under this Part shall be non-refundable.

E. All fees paid pursuant to this Part shall be remitted in the form of a corporate or certified check or money order made payable to the Environment Department at the address specified in the notice. Upon receipt of the check, it shall be deposited in the "state air quality permit fund" established by NMSA 1978, 74-2-15 (1992).

F. Permittees shall pay annual fees within thirty (30) days of receipt of an invoice for annual fees for a permitted facility.

G. All fees shall be paid in U.S. dollars.

[20.2.75.12 NMAC - Rp 20 NMAC 2.75.111, 03/02/01]

20.2.75.13 PERIODIC REVIEW: The Department shall prepare a review of the construction permit fees and construction permit program costs annually. The review shall include information on the budgets, expenditures, fund balance, and related projections. The review shall be presented to the Board within six months following the end of the fiscal year.

[20.2.75.13 NMAC - N, 03/02/01]

HISTORY OF 20.2.75 NMAC:

Pre-NMAC History:

Material in the part was derived from that previously filed with the commission of public records - state records center and archives:

AQCR 700, Air Quality Control Regulation 700 - Filing and Permits Fees, filed 11/20/89.

History of Repealed Material:

20 NMAC 2.75, Air Quality Statewide - Construction Permit Fees, filed 10/30/95, repealed effective 03/02/01.

RE: 2023 NSR Annual fees

Attached is both a Cover letter explaining the NSR annual fee process and your invoice(s). Please print this invoice and mail your check(s) with the payment remittance portion of the invoice to the New Mexico Environment Department, Air Quality Bureau at the address on the Invoice.

Make the check payable to: New Mexico Environment Department-AQB and return the payment coupon.

Prior arrangement must be made to remit payment using electronic bank transactions.

Non-payment of these fees will delay any future modifications to these permits, penalty fees may be assessed, and permit(s) may be cancelled.

If you wish a payment plan or have other fee-related questions about your permit or contact information, please contact Laurie Leibowitz at (505) 629-7673 or by email laurie.leibowitz@env.nm.gov. Please note that email contact is preferred.

If you have received this email in error, please forward this e-mail to the correct person in your company or reply to laurie.leibowitz@env.nm.gov with the correct contact person information.

All payments or initial installment must be received by the March 1, 2023, invoice due date to avoid potential penalty fees and/or permit cancellation.

Sincerely,

Laurie Leibowitz

January 2023

Annual Fee Invoice for Minor Source Air Quality Permit

Dear Permit Holder:

A construction air permit with an active status as of December 31, 2022, is subject to an annual fee per 20.2.75.11.E NMAC. Attached is the invoice for your annual fee(s). Payment of the fee is due within 30 days of receipt, per 20.2.75.12.F NMAC.

The invoice is in a consolidated format. If your company has more than one permit, you may pay all fees with a single check. Please be sure to enclose the bottom portion of the invoice so that we can credit the payments appropriately. Your certified check, money order, or company check should be made payable to the "New Mexico Environment Department, AQB." Include the Invoice ID on the check. Remember, payments are due within 30 days of receipt of an invoice.

In addition to the current annual fee due, the consolidated invoice may also show amounts that are past due from your company.

Prior arrangement must be made if your company wishes to remit using electronic bank transactions.
Non-payment of these fees will delay any future modifications to these permits, penalty fees may be assessed, and permit(s) may be cancelled.

For any questions about permit fees or your contact information, please contact Laurie Leibowitz, Management Analyst, at (505) 629-7673 or by email laurie.leibowitz@env.nm.gov.

NMED Exhibit 7

Section 2-D: Closing a Facility, Removing Units from a Permit, or Canceling an NOI

(Administrative Revision)

Check the appropriate boxes and provide complete information in the table. Closing the permit does not relieve the permittee from any outstanding permit fees.

If any of the units being removed are emission control equipment explain how a permit, federal regulation, or state regulation will not be violated by removal of the control equipment.

- ☒ Cease operations of the entire facility and close the construction permit (20.2.72.219.A(1)(c) NMAC).

Date the facility ceased operating: June 15, 2022

- ☐ Retire an emissions unit and remove it from the construction permit (20.2.72.219.A(1)(c) NMAC).

Date unit(s) retired:

List all retired unit numbers to be removed from the permit:

- ☐ Close a construction permit for a facility or remove an emissions unit that has not and will not be constructed (20.2.72.219.A(1)(d) NMAC).

☐ Facility (plant) will not be constructed, or

☐ The following units will not be constructed and should be removed from the permit:

- ☐ Retire an emissions unit and remove it from the TV permit (20.2.70.404.A(1)(c) NMAC).

Date unit(s) retired:

List all retired unit numbers to be removed from the permit:

- ☐ Voluntary Discontinuation of the TV permit (20.2.70.400.I NMAC).

Explanation:

- ☐ Close a construction permit that is no longer required.

Explanation:

- ☐ Removal of minor NSR exempt equipment.

Explanation:

- ☐ Cancel a Notice of Intent (check one or explain):

☐ PER is now below 20.2.73.200 NMAC threshold.

☐ Date the facility ceased operating:

Good afternoon,

Thank you for the update on cancelling your permit. As we discussed, **Construction Permits with an active status as of December 31 of calendar year 2022 are subject to an annual fee per 20.2.75.11.E NMAC – the attached invoice is still due, please let us know as soon as possible when we can expect your check. By cancelling the permit, you should not receive an invoice in January 2024.**

If you have any further questions about the invoice, do not hesitate to contact me.

Thank you,

Laurie Leibowitz

RE: 2023 NSR Annual fees

Attached is both a Cover letter explaining the NSR annual fee process and your invoice(s). Please print this invoice and mail your check(s) with the payment remittance portion of the invoice to the New Mexico Environment Department, Air Quality Bureau at the address on the Invoice.

Make the check payable to: New Mexico Environment Department-AQB and return the payment coupon.

Prior arrangement must be made to remit payment using electronic bank transactions.

Non-payment of these fees will delay any future modifications to these permits, penalty fees may be assessed, and permit(s) may be cancelled.

If you wish a payment plan or have other fee-related questions about your permit or contact information, please contact Laurie Leibowitz at (505) 629-7673 or by email laurie.leibowitz@env.nm.gov. Please note that email contact is preferred.

If you have received this email in error, please forward this e-mail to the correct person in your company or reply to laurie.leibowitz@env.nm.gov with the correct contact person information.

All payments or initial installment must be received by the March 1, 2023,

invoice due date to avoid potential penalty fees and/or permit cancellation.

Sincerely,

Laurie Leibowitz

To Whom It Concerns at DTT Sand and Gravel,

As previously stated by Laurie, the citation you referenced (20.2.71 NMAC) is for Operating Permits and you do not have an operating permit.

You have a NSR permit which is applicable to 20.2.75 NMAC which Laurie pointed out.

The NSR regulation has no shutdown provisions.

The NSR fees are payable in full if your permit was active on the last day of the previous calendar year.

Since your permit was not cancelled prior to 12/31/2022, you must pay the entire invoice.

Please let me know if you have more questions.

Sincerely,

Joe Kimbrell

That section states that "the annual fee shall be reduced when all operations at a stationary source have been shutdown for a period greater than 60 consecutive days within a calendar year. In this case, the fee calculation shall be adjusted by reducing the annualized allowable emissions rate, or potential to emit, if applicable for each day the stationary source was shutdown."

Re: Non-Payment of 2022 Air Quality Bureau NSR Permit Fees

To Whom It May Concern:

This letter is to inform you that the Air Quality Bureau ("Bureau") has not received payment for NSR Permit Fees from your company regarding operating year 2022. These fees were billed on January 4, 2023, and were due 30 days thereafter. Laurie Leibowitz of this Bureau has made several attempts to notify you of this past due invoice. Although the permit was closed in March 2023 – the NSR fees are payable in full if your permit was active on the last day of the previous calendar year. Since your permit was not cancelled prior to 12/31/2022, you must pay the entire invoice – this has been conveyed to you on numerous occasions. The case has now been handed over to our Enforcement unit. Total fees due as of the date of this letter equal \$2,344.00.

If payment in full is not received by close of business June 15, 2023, our Enforcement unit will proceed with legal action to collect unpaid annual fees in addition to a penalty for violation of 20.2.75 NMAC. Attached is a copy of your unpaid invoice for 2022 Permit fees.

Your cooperation in resolving this matter is appreciated. **You will not receive a second letter.** If you have any questions about your past due amount, please contact Laurie Leibowitz at Laurie.Leibowitz@env.nm.gov. For questions on the potential enforcement action, contact me at cindy.hollenberg@env.nm.gov.

Again, if payment in full is not received by close of business, June 15, 2023, the Department will respond with legal action.

Sincerely,

A handwritten signature in cursive script that reads "Cindy Hollenberg".

Cindy Hollenberg

Company:	DTT Welding and Excavating, Inc.	Calculations by:	Cindy Hollenberg
Facility:	Los Alamos Dump Crushing Plant	Reviewed by:	Terry McDill
NOV #:	DTT-20001-2301	Date of calculation:	July 12, 2023
Permit #:	GCP-2 #3009R1	Source class:	Major/PSD/NA/SM-80

CIVIL PENALTY CALCULATION*Confidential - for settlement purposes only*

Violation #1 Failure to pay annual NSR permit fees for 2022 within 30 days of receipt of an invoice pursuant to 20.2.75.12.E NMAC, *Construction Permit Fees*

A.	Gravity Determination	Penalty	\$1,500.00
	Potential for harm: Minimal		
	Extent of deviation: Moderate		
	Quantity: 1		

Basis: Potential for harm and Extent of deviation, as denoted above, are detailed in the Bureau's Civil Penalty Policy, Sections VI.C.1.a, VI.C.1.b and Appendix F.

20.2.75.12.E NMAC states that "Permittees shall pay annual fees with thirty (30) days of receipt of an invoice for annual fees for a permitted facility." Facilities for which an NSR permit is active on December 31 each year are invoiced for that calendar year, payable in the following calendar year per the invoice due date.

DTT Welding and Excavating, Inc. had an active NSR permit for the Los Alamos Dump Crushing Plant as of December 31, 2022. The Bureau issued the invoice on January 6, 2023 with a due date of February 28, 2023. Reminders were sent to and received by DTT, including a letter in May 2023 warning of enforcement action if fees were not paid by June 15, 2023. As of the date of this calculation, the fees have not been paid. DTT canceled their permit in February 2023.

B.	Multi-Day Component	Penalty	\$0.00
	Number of days: 0		
	Multiplier: 0		
	Quantity: 1		

Basis: Per Bureau discretion, a multi-day component has not been assessed at this time.

Adjustment Factors	Factor Total	2.0
I. Effort to comply: No cooperation / no compliance		0.4

Basis: After numerous attempts to collect the annual fees, DTT has refused to pay.

	II. Negligence/willfulness:	Probably willful	0.6
Basis:	DTT knew that the fees were due and payable through the multiple communications between Bureau staff and DTT. Still they have refused to pay.		
	III. History of noncompliance:	No history of noncompliance	0
	IV. Financial Condition:	Gross sales <\$500,000 or Government facility	0
	V. Mathematical adjustment		1.0

C.	Economic Benefit	Penalty	\$0.00
-----------	-------------------------	----------------	---------------

Basis: The Bureau made a preliminary determination that an insignificant economic benefit was received; therefore, the total is \$0.00. The Bureau reserves the right to assess an economic benefit if the fees are not paid within 30 days of the Compliance Order issuance.

Violation Penalty:			
A. Gravity Determination		\$1,500.00	
B. Multi-Day Component		\$0.00	
Adjusted Gravity + Multi-Day Components			\$3,000.00
C. Economic Benefit			\$0.00
Violation Total			\$3,000.00

TOTAL CALCULATED PENALTY		\$3,000.00
---------------------------------	--	-------------------

Violation 1 \$3,000.00

Company:	DTT Welding and Excavating, Inc.	Calculations by:	Cindy Hollenberg
Facility:	Los Alamos Dump Crushing Plant	Reviewed by:	Terry McDill
NOV #:	DTT-20001-2301	Date of calculation:	July 12, 2023
Permit #:	GCP-2 #3009R1	Source class:	Major/PSD/NA/SM-80

MAXIMUM ALLOWABLE PENALTY	\$1,800,000.00
----------------------------------	-----------------------

Maximum allowable penalty is for comparison purposes only: \$15,000 per violation per day may be assessed pursuant to New Mexico Air Quality Control Act Section 74-2-12.B.

<u>Maximum Daily Penalty</u>		<u>Number of Days</u>	<u>Maximum Penalty</u>
Violation 1	\$15,000.00	120	\$1,800,000.00
