FREE Training Resources

EPA Drinking Water Training Webpage: Only "Current Trainings" can be considered for certification training credits. Past Trainings and Webinars do not issue certificates of completion.

EPA Water Utility Resilience Workshops and Webinars Now click here: Only 'Live' webinars, (not "Past Virtual Workshops and Webinars"), will issue certificates of completion, please follow the instruction when registering to receive a certificate of completion.

EPA Small Drinking Water Systems Webinar Series click here: "Past Webinar Recordings" do not issue certificates of completion for viewing.

RCAP Training & Events click here: Note: Not all trainings are virtual. Please check with the Organizer of individual events if Certificates of Completion are offered for attendance and for registration.

RCAC Training Calendar click here: Use the filters on the right side of the course listings to show water and/or wastewater topics. Some trainings are state specific. Please read the Training Event Descriptions to assure you are eligible to attend. If you have questions or need assistance registering utilize the event Contact.

EFCN Training & Events click here: Scroll down the web page to "Upcoming Trainings and Events". In the "Type of Event" drop-down filter; select "Webinar", scroll down the webpage to view training events. Click on the Event title to read details and register.

WaterOperator.Org Calendar click here: On the "Select" filter; first choose "Type" then scroll down the list to select "webinar/live online". NOTE: **not all** trainings are FREE. You must click on the Training Provider link on the calendar dates and scroll to the bottom of the announcement to find the price. Recordings of past webinars are provided for informational purposes only. WaterOperator.org is unable to offer certificates of completion for watching a video recording.

Groundwater Well Care for Public Systems FREE 2-hour training. Follow the instructions to receive a certificate of completion.

Lagooniversity Free On-Demand CEUs/PDHs. Informative webinars on a variety of topics of interest to wastewater lagoon operators and engineers.

Veolia North America Academy FREE and Comprehensive classes range from 1 to 10 hours
